Note!

Please note that this image is a general representation of the product and may differ slightly from your product.

Note!

Please note that during storage and transportation, especially at high ambient temperature, some of the oil and grease used for assembling may leak and stain the packaging. This is in no way detrimental to the product, wipe off the excessive oil/grease with a cloth.

Before installing this product, read the Öhlins Owner's Manual. The shock absorber is an important part of your vehicle and will affect the stability.

Shock Absorber for Lambretta V200 Special

LA 941

Mounting Instructions

It is advisable to have an Öhlins dealer install the shock absorber.

If working on a raised vehicle, ensure it is securely supported so that it will not tip over.

Note!

Before mounting this product clean the vehicle thoroughly.

Note!

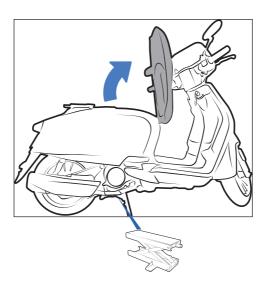

When working on this product, always see the Vehicle Service Manual for vehicle specific procedures and important data.

1

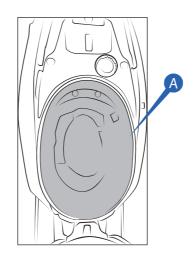

Put the motorcycle on a work stand so that the rear wheel barely touches the ground. Make sure the motorcycle is in a stable position.

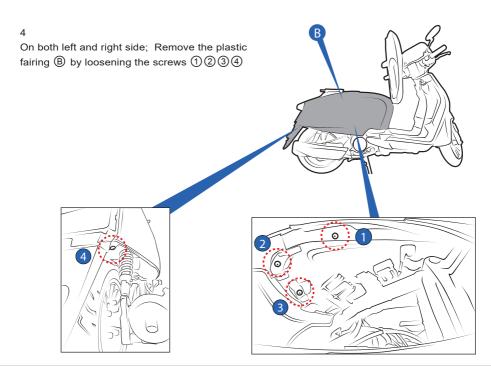

2

Open the seat by the ignition key.

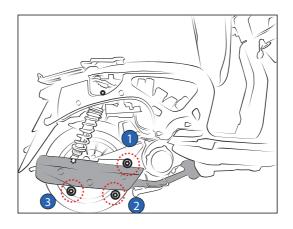

Remove the storage box (A) in order to access the screws at both sides of the plastic fairing.

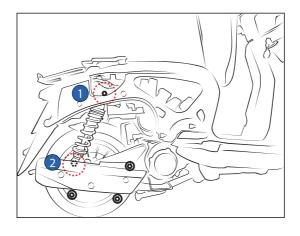

5

On the right side; Remove the exhaust muffler by loosening the screws ①②③ in order to access the lower mounting bolt.

6
Remove the standard shock absorber by loosening the upper mounting bolt ① and the lower mounting bolt ②

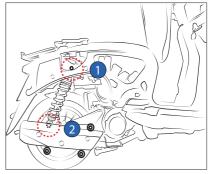

7

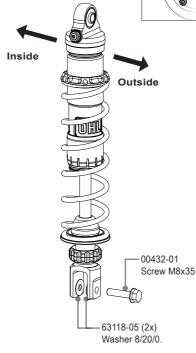

Install the Öhlins shock absorber with the gas valve pointingn backward as per diagram P1

Tighten the upper and lower mounting bolts ①② at a torque value as specified in the vehicle service manual.

8

Reverse all procedure as necessary

P1 (Right side shock absorber shown)

Note!

Lower the vehicle so that the suspension is slightly compressed before tightening the screws.

Caution!

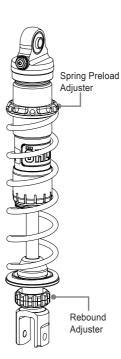

Ensure that all screws are tightened to the correct torque and that nothing fouls or restricts movement of the shock absorber when the suspension is fully compressed or extended.

ADJUSTMENTS

Before riding, always make sure that the basic settings made by Öhlins are according to recommended Set-up Data. Read about adjustments and setting up in the Öhlins Owner's Manual before you make any adjustments. Contact an Öhlins dealer if you have any questions about setting up.
